

Dear reader,

We are happy to inform you of the latest research publications concerning path dependence phenomena, as well as upcoming events and news from the path community. If you would like us to announce an event (call for papers, publications, conferences, lectures, awards, etc.), please feel free to send us your content. Of course we remain at your disposal for any further information, criticism, or comments you may have.

We hope to hear from you!

Upcoming Events

From 4th to 6th July 2013, the 29th EGOS Colloquium will be held in Montréal, Canada with the general theme *Bridging Continents, Cultures and Worldviews*. The colloquium for the European Group for Organizational Studies (EGOS) will be taking place outside of Europe for the first time (www.egos2013.net). Georg Schreyögg, Freie Universität Berlin, Martha S. Feldman, University of California, and Jörg Sydow, Freie Universität Berlin, will present the sub-theme [Bridging Time: Exploring the Dynamics of Routines and Path Dependence](#). Researchers who study the temporalization of routines and the relations between patterns of persistence and patterns of change are invited to apply for the sub-theme. A special focus will be on exploring the temporal patterning and tensions between the logic of change in and through routines and the self-reinforcing dynamics of stabilization in and between organizations. Please note that there is a Call for Papers for a Special Issue of Organization Science on ["Routine Dynamics: Exploring Sources of Stability and Change in Organization"](#), co-edited by Martha S. Feldman. Submission deadline September 1st, 2013.
